05. International trade terms

EXW(EX works)

Factory delivery (customer arranges freight forwarder pickup)

FCA(Free carrier)

FCA = EXW + domestic shipping fee + customs declaration fee. FCA refers to delivery to a designated location within China (i.e., handing the goods over to the customer's freight forwarder in a domestic warehouse).

FOB(Free on board)

FOB = FCA + port miscellaneous fees + customs declaration fees. FOB refers to freight freight cash on delivery; the customer is responsible for booking the vessel, and domestic costs in China are borne by the seller

CFR/CNF(Cost and freight)

FOB = FCA + port miscellaneous fees + customs declaration fees. FOB refers to freight freight cash on delivery; the customer is responsible for booking the vessel, and domestic costs in China are borne by the seller

CIF(Cost,insurance and freight)

CIF = CFR + Insurance Fee. CIF means the seller pays in advance, the seller books the ship, and the costs within China are borne by the seller. You also need to buy insurance for the customer

DDU(delivered dutyunpaid)

DDU = CIF + Foreign Logistics. DDU means the seller delivers goods to the buyer at the destination country designated by the buyer

DDP(Delivered dutypaid)

DDP = DDU + Customs Clearance Duties DDP means the seller delivers goods to the buyer at the destination country designated by the destination country and is also responsible for customs clearance and import
